

BULLETIN No 3 to V1600 Technical Regulations 2025-2026

Deleted text: red strikethrough

New text: highlighted in yellow

As from the BaTCC 2026, Round No 3 (STATETA BRO | PRO BRO Grand Prix Kaunas) all participants in class V1600 must have the filled homologation form to be presented to the Scrutineers while passing Scrutineering procedure.

2026 Homologation form for V1600 cars is available as an Appendix No 1 to this Bulletin.

Competitor Declaration

I declare that the engine, gearbox, suspension, braking system and drivetrain components installed in the vehicle correspond to the ORIGINAL CAR VIN declared above and comply with the V1600 technical regulations. I further declare that the engine power and torque values were measured on the dynamometer at the declared company, location and date. I accept full responsibility for proving compliance of the vehicle and all installed components upon request by the technical scrutineers.
