

BULLETIN No 2 – Shock absorbers

Deleted text: red strikethrough

New text: highlighted in yellow

BMW TURBO CUP TECHNICAL REGULATIONS 2026 new wording

7.1.5 Front shock absorber towers may be modified by grinding of the zone marked in red:

12.9. Anti-roll bars (sway bars) and their connections with the suspension (rods, bushings) – FREE, but may not be adjustable. Max size of the front bar - 28,0 mm, max size of the rear bar - 19,0 mm.

GOOD LUCK!
